## PROJECT ANNOUNCEMENTS

### Shimberg Soccer Complex - Tampa, FL

DFI has recently completed the 15 acre park expansion which includes five new soccer fields and associated site infrastructure. Most of the project is built on some unique soil conditions, which required special consideration and construction methods for underground installations. We were pleased to be working with Cardno TBE of Clearwater, FL.

### Family Medical & Rehab Center - Tampa, FL

DFI has been hired to convert an existing AM SouthBank building into Dr. Jin Kim's Family Medical Center. The 3500 square foot renovation into an Urgent Care Facility is Phase 1 of one of the projects which includes an 11,000 square foot addition. We are pleased to be working with Mason Blau & Associates of Clearwater, FL.

### Munroe Regional Medical Center - Ocala, FL

DFI has recently completed a 5-phase 20,000 square foot remodel of an existing hospital space which provided three new operating rooms, 18 PACU beds and a host of additional support services required for the OR facilities. We were pleased to be working with Harvard Jolly of Tampa, FL.

### PDS Partners - Kissimmee, FL

DFI is currently breaking ground on a 12,500 square foot building addition for Pulmonary Disease Services of Kissimmee, Florida. This facility includes new waiting and administration areas, all new exam and treatment rooms, and also a new nursing area. This project should be completed by December of 2010. We are pleased to be working with the Bessolo Design Group of St. Petersburg, FL.
